Skype: **azeemakram555**

Summary

Enthusiastic and professional Web Developer with 6 years of working experience in Software Industry.
Strong background using OOP methodologies; strong knowledge of MVC.
I enjoy being part of a successful and productive team, to work on challenging tasks.
Quick to grasp new ideas and concepts, and to develop innovative and creative solutions to problems.

Able to work well on my own and can demonstrate the high levels of motivation required to meet the deadlines. Even under significant pressure, I possess a strong ability to perform effectively, able to take on multiple projects simultaneously

---
